PANEL PINS

Jormac Aerospace, a Division of Advent Aerospace Inc. manufactures and distributes aluminum panel pins directly to the aviation industry.

Jormac manufactures and distributes the following flared panel pins:

Blue Panel Pins: JPIN-150-1875F (Same As ATR-150-1875F)

Gold Panel Pins: JPIN-200-3125F (Same As ATR-200-3125F)

Red Panel Pins: JPIN-250-4375F (Same As ATR-200-3125F)

Jormac panel pins are identical to ATR panel pins; therefore this product will integrate seamlessly into your operations.

We will provide our substantiation by equivalency report, Jormac document number: JPIN-JMR-501, and Panel Pin Detail drawings, upon request.

Our innovative Panel Pin Packaging System enhances usability. Our unique packaging method will allow you greater storage options and inventory control.

Jormac's panel pins are packaged in quantities of 100 per box.

You can be assured that your Receiving Department, Inventory Control and Production Control will always know the exact quantities available at a glance.

The advantages of using Jormac Panel Pins, as you can see, are many:

- Streamlined receiving process: You will receive exact quantities every time which eliminates the need to confirm bag counts.
- Reduction or elimination of internal pre-kitting: Small quantity packages can be issued directly to individual technicians as received from Jormac.
- Lead Times Reduced: We maintain a specific level of panel pins in inventory; therefore, we can typically fill or partially fill most orders immediately.
- C of C (Certificate of Conformance) is provided with each order. PMA can be provided upon request.
- Four tiered pricing based on order quantity:

| | | Unit Price | | | |
|-------------|----------------|-------------|-------------------|---------------------|------------------|
| Pin Type | Part Number | To 5,000 | 5001 to 10,000 | 10,001 to 25,000 | 25,001 & Over |
| Blue | JPIN-150-1875F | \$0.90 | \$0.73 | \$0.59 | \$0.55 |
| Gold | JPIN-200-3125F | \$1.14 | \$0.92 | \$0.75 | \$0.70 |
| Red | JPIN-250-4375F | \$1.57 | \$1.28 | \$1.04 | \$0.98 |

As you can see forecasting annual panel pin requirements will result in direct cost savings. Upon request, arrangements can be made to support staged shipments based on specific inventory and usage requirements.
